FALL
Classic
November 19, 2022
1pm
Maple Hill Auctions, Walkerton, ON

Welcome

On behalf of all the consignors I would like to welcome you to the 2022 edition of the OSA Fall Classic Sale. This year's offering is larger than previous years and offers something for every kind of operation. Whether you are a long-time Shorthorn breeder, new to the breed or a commercial beef producer I am sure you will find something to suite your needs.

Once again cull cow prices have held steady this year and stocker calf prices remain strong. It is a great time to rejuvenate your herd with new genetics to move your program forward for years to come. There is a wide variety of rare and unique pedigrees in the offering, along with some exciting services to the bred females. The breeders stand behind their programs so you can buy with confidence.

We plan to once again have the cattle in the sale barn and ready for viewing Friday afternoon/evening. If you are unable to the attend the sale and would still like to participate please contact any of the contacts listed in the catalog and they would be happy to assist you in a professional manner. Look forward to seeing you at the sale!

Blair Williamson
OSA Fall Classic Sale Chair

Schedule:

Friday, November 18, 2022
3pm- Cattle available for viewing
Saturday, November 19, 2022
10am – Cattle available for viewing
1pm OSA Fall Classic Sale

Well you can't keep them all and sometimes you have to part with the good ones! Here's a Shorty Plus that made the rounds in the Grey County 4H program this year, topping her age division in every fair she entered, and is headed to the Royal for the Junior Beef Heifer show. She is an eye catcher that is solid, sound, sweet and bombproof! She has room to grow and will offer you a Muridale Phantom baby in March.

Here is a deep bodied heifer with momma cow written all over her! She is a powerhouse out of the Maplelm Friar Tuck with the potential to make a fabulous foundation, or an incredible addition to an established herd. She made a few trips to the show ring this year receiving tons of praise for her frame, bone structure and correctness. She has the temperament of a puppy and will fit right into any program. She is safe to Muridale Phantom for a April baby.

I am pleased to be consigning again this year at the Fall Classic and excited to offer this attractive Firestorm heifer. This heifer has a lot to offer. She brings depth, overall style and a beautiful disposition. She is such a docile heifer. Her dam and granddam are a couple of my best cows and never give us any trouble. Candy is halter broke and ready to show. She will make a competitive project for any Jr. next year. Vaccinated with Covexin and Bovisheild.

Not many females from the Miss Lea 18C have left the property, and 11K shows you why. She's a pretty red and white package that looks almost identical to her mother at this size. Very soft made with an explosive rib cage, flat chested and moves like a cat but while walking on a large foot. This is one to be very competitive in the junior yearling class next year. Her sire Shadybrook Chival Regal 38G has done nothing but impressed me so far with his offspring, forwarding on his extra length of spine and extra muscle shape are very prodominate in his daughters being offered.

This female was a hard one to decide to let go. She has always caught our eye from day one. We believe she will make a great cow who will be able to be bred to make some show calves. This female comes from a long line of cows that have proven longevity. Her dams mother being the main foundation cow in our herd HILL HAVEN VICTORIA'S VIVA 28Z. Bred to CYT Good Life 1401 ET May 5th. Pasture exposed to Elba Glen Tommy Boy 15E August 1st - Sept 17th.

Our loss is your gain with this one. Lovely coming 2 year old sired by the well known Hillhaven Fire Storm 28C. This big framed sound and quite , missed out on this years show season but has had the halter on. She is out of one of our best cows she wont disappoint in your breeding program. Bred June 18th to CYT Good Life 1401 ET. Pasture exposed to Elba Glen Tommy Boy 15E August 1st - Sept 17th.

This quite young homebred of ours would be a great asset to your breeding program sired by Little Cedar Final 4. Her dam had a very successful show season in 2019 winning Reserve Intermediate Champion Yearling Female at the Royal. She gave us a 2022 heifer calf that worked well, so we bred her back to the same bull. Sells with her May 25, 2022 heifer calf at side, JRS 11K. She was exposed to Elba Glen Tommy Boy 15E from July 7th - Sept 17th.

This sweet cow was shown as a yearling in 4H. She is super quite and easy to handle. She raised us a 2022 bull calf that exceeded our expectations with her perfect udder and her amazing milk production. She is one that is bred right will give you some great 4h projects for years to come. Bred June 18th to CYT Good Life 1401 ET. Pasture exposed to Elba Glen Tommy Boy 15E July 7th - Sept 17th.

Mango Rita 4K is one of the first offspring of Glenford Crimson 72H offered at public auction and she's a good one. 4K is clean fronted, deep sided soft made heifer. Her mother is a model shorthorn cow easy keeping, great uddered from a family known for longevity and fertility. Don't miss out on this one.

This is the best producing, easiest fleshing cow we've ever had on the farm.We've bred her so many different ways and she makes a good one every time. This is also a lady that could lie about her age and get away with it any day of the week! The bred yearling she produced sold in the 2021 Agribition sale to Matlock Stock Farm and she is working hard out in SK. Don't miss this girl sale day! Bred back to Saskvalley Yesterday for an early January calf (vet checked safe with no exposure).

This solid red momma cow puts every bit of herself into her calf every year.She produced a super-fancy red heifer calf this year, and is a solid breeder who never misses, calves early with good milk and great teat placement. Bred back to Saskvalley Yesterday for a mid-January calf (vet checked safe with no exposure).

As a 2-year-old, this girl produced a heifer calf we sold at the Agribition sale in 2018. That heifer's progeny went on to win the 2021 AgEx in Brandon and stood out in the Agribition Supreme class.

This cow hits the mark every year with her calves – style, feet & legs, muscle and growth. We go to this cow every year for an Agribition sale calf, and she never lets us down. Bred back to Saskvalley Yesterday for a mid-January calf (vet checked safe with no exposure).

This red shorty plus female is a great addition to any herd, and a great start to add a little something into your shorthorn program with her smoothed muscle expression and soft line. Kamikaze is 50% shorthorn, off Mel-Matt's herd sire, MML First Shot 1F, out of Shadybrook Hot Shot, also going back to the well-known Milbrook Daisy's Pride genetics. First Shot was shown at the RAWF in 2018 winning Reserve Sr Bull Calf Champion.

X-[CAN]AR30850 MML 23K 08/04/2022 RWM POLLED 50

One of the top picks from Mel-Matt Livestock's 2022 calf crop, Kaleidoscope is an April heifer calf, but her age doesn't mean she shy's away from the added hip, wide top and overall cow power she gives out in comparison to the older heifers. Kaleidoscope is 50% shorthorn, off Mel-Matt's herd sire, MML First Shot 1F. This calm tempered female comes from a long line of brood cow females from Maine side of Mel-Matt genetics and can be the next brood cow type to add a little extra to your herd.

Well, well, well if you like heifers that are good looking and big bodied with tons of muscle, yet still have that feminine and fancy show ring appeal- I think Priceless 307K is the one for you. The Swagger females are leaving a significant mark on the breed and Priceless 307K is sure to leave hers. Just a March baby, study her pedigree, lots of good stuff.
